Acceptable Use Policy
Effective date: March 1, 2019

THIS ACCEPTABLE USE POLICY ("AUP" OR "POLICY") IS A MATERIAL PART OF ANY AGREEMENT WITH CAIRO NET BY TAZCA CONNECTS FOR PROVISION OF ITS SERVICES TO ITS CUSTOMERS. PLEASE READ AND FOLLOW THIS POLICY CAREFULLY. THIS POLICY MAY BE REVISED FROM TIME TO TIME BY CAIRO NET BY TAZCA CONNECTS, OR AS OTHERWISE SET FORTH BELOW.

CAIRO NET BY TAZCA CONNECTS and its affiliates (collectively "CAIRO NET") have established this AUP for subscribers ("you") of CAIRO NET's Internet related services ("Service") by designating standards for acceptable and unacceptable uses of the Service. This AUP forms part of the agreement between CAIRO NET and you and is incorporated by reference into CAIRO NET BY TAZCA CONNECTS Customer Service Agreement (the "[Customer Service Agreement](#)") found at www.cairo.net. All subscribers or customers of the Service (anyone who uses or accesses the Service) must comply with, and shall be bound by the terms of, this AUP. CAIRO NET supports the free flow of information and ideas over the Internet; however your access to the Service is conditioned on legal and appropriate use of the Service. Your use of the Service and any activities conducted online through the Service shall not violate any applicable law or regulation or the rights of CAIRO NET, or any third party.

Prohibited Activities. For the benefit of all of CAIRO NET's subscribers, as a condition of the Service, CAIRO NET prohibits the following activities:

1. Unlawful or Improper Use of the Service. You may not use the Service in a manner prohibited by any applicable laws or regulations. Without limiting the foregoing, you may not use the Service for any unlawful or abusive purpose, in any way that could damage, disable, overburden, or impair any CAIRO NET property, or in any way that directly or indirectly interferes with or disrupts our network or adversely affects another's use or enjoyment of any Service, including other CAIRO NET subscribers. You may not use or attempt to use the Service in any manner such as to avoid incurring charges for or otherwise being required to pay for such usage. You may not circumvent or attempt to circumvent user authentication or security of any host, network, network element, or account (also known as "cracking" or "hacking"). This includes, but is not limited to, accessing data not intended for you, logging into a server or account that you are not expressly authorized to access, or probing the security of other networks. You may not interfere or attempt to interfere with any services to any user, host, or network ("denial of service attacks"). This includes, but is not limited to, "flooding" of networks, deliberate attempts to overload a service, and attempts to "crash" a host. You may not use any kind of program/script/command, or send messages of any kind, designed to interfere with (or which does interfere with) any server or a user's session, by any means, locally or via the Internet. The Service is intended for periodic, active use. You may not use the Services on a standby or inactive basis in order to maintain a connection. Pinging is prohibited.

2. Excess Utilization of Network Resources. The excessive use or abuse of CAIRO NET's network resources by one subscriber may have a negative impact on all other subscribers. Accordingly, you may not use the Service or take any action, directly or indirectly, that will result in excessive consumption or utilization of the system or network resources, or which may weaken network performance, as determined in CAIRO NET's sole discretion. Such prohibited actions include, but are not limited to: using the Service to host a web server site which attracts excessive traffic at your location, continuously uploading or downloading streaming video or audio, use net hosting, sharing your residential service with users outside of your individual residence, use of a residential account for business purposes, or continuous FTP uploading or downloading. In the event that you violate the terms of this provision CAIRO NET may, without limitation, restrict the speed of your access to the CAIRO NET network, increase the fees associated with your Service, or immediately suspend or terminate your Service. In the event of termination of your Service, all applicable termination charges will apply. Refer to the terms of the [Customer Service Agreement](#) for additional details.

3. Intellectual Property Infringement. You may not use the Service to store, transmit or receive any material that infringes on any patent, trademark, trade secret, copyright, or other proprietary or intellectual right of any party, including, but not limited to, the unauthorized copying of copyrighted material, the digitization and distribution of photographs from magazines, books, or other copyrighted sources, or the unauthorized transmittal of copyrighted software. If CAIRO NET receives a notice from a copyright owner alleging a Customer has committed copyright infringement, CAIRO NET will notify the Customer of the alleged infringement. If CAIRO NET receives more than one notice alleging copyright infringement on the Customer's part, Customer may be deemed a "repeat copyright infringer." CAIRO NET reserves the right to terminate the accounts and access to the Service of repeat copyright infringers. You are also prohibited from using the service to interfere with any technical measures employed by CAIRO NET that are used to ensure compliance with this policy.

4. Objectionable Material. You may not use the Service to store, post, transmit, or disseminate material or information that is unlawful, harmful, threatening, abusive, harassing, libelous or defamatory, hateful, obscene, indecent, or otherwise objectionable or which encourages or participates in conduct that would constitute a criminal offense, gives rise to a civil liability, or otherwise violates any local, state, national, or international law, order, rule, or regulation.

5. Junk E-mail. You may not use the Service to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited bulk e-mail, unsolicited duplicative e-mail, unsolicited commercial e-mail, fax broadcasting, or fax blasting (collectively, "Spam"). An e-mail may be "unsolicited" for purposes of this AUP if (1) the recipients' e-mail addresses were not obtained through a personal or customer relationship between recipient and sender, (2) recipients did not affirmatively consent to receive communications from the sender, or (3) recipients have opted out of receiving communications from sender when given the opportunity to do so.

6. Fraudulent Activity. You may not use the Service to make fraudulent offers to sell or buy products, items, or services or to advance any type of financial scam such as "pyramid schemes", "Ponzi schemes", or "chain letters." You may not use techniques to hide or obscure the source of any e-mail or other communication.

9. Collecting Information. You may not use the Service to store or collect, or attempt to store or collect, personal information about third parties without their prior knowledge and consent.

10. Newsgroups. You should use your best judgment when posting to any newsgroup. Many groups have charters, published guidelines, FAQs, or "community standards" describing what is and is not considered appropriate. You must abide by such guidelines. You may not post or list articles which are off-topic according to the description of the group or send unsolicited mass e-mailings to ten or more people if such e-mail could reasonably be expected to provoke complaints from its recipients. Without limiting any other rights or remedies that CAIRO NET may have under this AUP, the Customer Service Agreement or applicable law, CAIRO NET may cancel any postings that violate this AUP as determined by CAIRO NET in its sole discretion.

11. Use of Your Account by Others. You may not, through action or inaction, allow others to use the Service for illegal or improper activities or for any purpose or in any manner prohibited by this AUP. You must cooperate with CAIRO NET in any fraud investigation and use any fraud prevention measures that CAIRO NET prescribes.
